

CONFIDENTIAL FEEDBACK

Since graduating from the **Leadership Journey®** have you continued to grow and enhance your leadership skills? Self-improvement takes time, courage, ambition, and the desire to change.

If it's been 1+ years since you last solicited candid, honest and constructive feedback from peers, customers, and other leaders, now may be the time to re-assess how you've grown and current areas to focus on. We will help you build or fine-tune your development plan.

- Hear what you're especially effective at

- Find out how you could be even more effective

- Obtain suggestions on how your leadership behaviors could be enhanced

This includes a 1 hour private session with a PeopleTek coach to review your results and identify development opportunities

Designed for Leadership Journey Alumni, you can trend your results by comparing feedback obtained while attending the Leadership Journey to how you are perceived today. Note: Non Journey Alumni are also eligible
